President's Corner

This year NAPM Miami Valley will offer seminars and programs totaling over 20 continuing education hours to be used towards you're A.P.P and C.P.M. recertification.

I sincerely hope that you take advantage of educational opportunities to grow both personally and professionally. While there are a number of sources for these opportunities, we offer a number of programs, which vary in length and time, offered to meet your educational and developmental needs. Please check out our website, www.napmmiamivalley.com for more details on upcoming programs and offerings.

We remain committed to accomplish our mission. The success of our program is measured by your satisfaction, so please take the time and complete the surveys provided following the conclusion of all seminar and dinner meeting programs. It only takes a minute to provide feedback, which is so important to our affiliate. These responses are reviewed and summarized on both a monthly and an annual basis, so your efforts are not in vain!

If you have not yet taken our annual membership survey, you may do so by clicking [HERE](#).

Best wishes,

NAPM Miami Valley Supplier of the Quarter

We're pleased to announce that Office Depot has been named as the NAPM Miami Valley Supplier of the Quarter, for the first quarter of our 2007-2008 year. They were nominated by Chris Jauch, Manager of Supply Chain Management for WorkflowOne in Dayton, who says, "Over the past three years they have continued to reduce our costs and delivered almost every order on the next business day, which translates to very high internal customer satisfaction ratings."

Founded in 1986, Office Depot is one of the world's largest sellers of office products and an industry leader in every distribution channel, including stores, direct mail, contract delivery, the Internet and business-to-business electronic commerce.

The Business Solutions Division (BSD) sells branded and private brand products and services by means of a dedicated sales force, through catalogs, and electronically through our internet sites.

The BSD model is tailored to serve small- to medium-sized customers and employs a dedicated sales force that services the office supply needs of medium-sized to Fortune 100 customers. These sales representatives build relationships with customers and provide them with information, business tools and problem-solving services. Contract customers can also shop on dedicated web sites and in Office Depot retail locations while honoring contract pricing.

To see if Office Depot can add value to your organization, you may contact Mark Ewald by calling (937) 673-1873 or via email at mewald@officedepot.com.
